

Lib Dem Lotto!

Support the Party and stand to Win £25,000 every week, for £1

The new Lib Dem Lotto gives everybody a chance to be a winner! Players have a good chance of winning £25,000 every week, or one of the smaller prizes, and winners get to keep the full £25,000 if they get all six numbers correct!

For just £1 a week you chose six numbers and your chance to win £25,000 a week! Just predict what the last number of the temperature will be in the six cities set out on the entry leaflet. Fill-in the squares, provide your contact details, complete the standing order or credit card form and post off your entry. It's as simple as that and you can buy as many sets of six numbers as you like.

Check if your numbers come up when the temperatures are published in Friday's Daily Mail or on the Weather Lottery site (www.weatherfunds.co.uk/libdems). You'll be contacted automatically if you are a winner!

Do you have family, neighbours and friends that might want to sign up too? Just ask for more leaflets and get your friends and family playing Lib Dem Lotto!

The Lib Dems also win when you play Lib Dem Lotto. 50p in each £1 goes to your local party to help their campaigning work and 10p goes to the Western Counties Region to employ campaigners. The remaining 40p is spent on the prize fund and the administration of the scheme.

Peter Ellis,
Regional Chair

A Message from Paddy

Dear friends,

The 'Lib Dem Lotto' is a new way of raising funds for each Lib Dem local party in the Western Counties region and could really help us move forward in this vital area.

Good luck with it!
